2. HOW DOES THIS INVESTMENT WORK?

<p>How The Scheme Works</p>	<p>AE KiwiSaver Plan (the Scheme) is a managed investment scheme registered under the Financial Markets Conduct Act 2013 (FMC Act) as a KiwiSaver scheme under the KiwiSaver Act 2006.</p> <p>The Scheme is governed by a trust deed between AE KiwiSaver Limited (the Manager) and Trustees Executors Limited (TEL, the Scheme's supervisor (Supervisor)). Your investments are held by the Supervisor's Custodian. TEL and the Custodian are both independent from AE KiwiSaver Limited.</p> <p>AE KiwiSaver Plan has one fund - AE KiwiSaver Plan. The AE KiwiSaver Plan has a unique Strict Ethical Mandate, and invests in AE Investor, a unit trust that complies with its Strict Ethical Mandate.</p> <p>No KiwiSaver funds are guaranteed by the New Zealand government or any other person.</p> <p>The assets of AE KiwiSaver Plan are not available to meet the liabilities of any other fund.</p>
<p>How the Investment works?</p>	<p>KiwiSaver is a voluntary work-based savings initiative to help you save for your retirement. The Fund receives contributions from the member, the member's employer, and the government. The employer and government contributions are set by legislation.</p> <p>Funds are pooled and are used to buy investments that are managed for all members of the scheme.</p> <p>Benefits of AE KiwiSaver Plan:</p> <ul style="list-style-type: none"> ○ Save for first home purchase ○ Qualify for Kainga Ora first home assistance grants ○ Save for retirement ○ Receive the benefit of employer contributions ○ Receive Government contributions ○ Lump sum payable at retirement age, currently 65 years <p>There are no regular distributions from the fund, and there are restrictions and conditions that apply to withdrawals.</p> <p>The Manager is AE KiwiSaver Limited, which has outsourced the management of AE KiwiSaver Plan to its parent company Always-Ethical Limited. The outsourcing of any duties of the Manager does not limit the Manager's responsibilities for its duties.</p> <p>The investments are held by Trustees Executors' custodial division, independent of the Manager.</p>
<p>What are the Significant Benefits of Investing in The Scheme AE KiwiSaver Plan?</p>	<p>How AE KiwiSaver Plan is different:</p> <ul style="list-style-type: none"> ○ We apply a Strict Ethical Mandate ○ We invest in companies with strong balance sheets ○ We are New Zealand managed ○ We do not outsource asset management

	<p>The Strict Ethical Mandate restricts the Manager’s investing activities to permitted investments, providing transparency for Investors, and enables Investors to take responsibility for how their investments impact society.</p> <p>For more information, please see Section 3 “Description of your investment option”.</p>

3. DESCRIPTION OF YOUR INVESTMENT OPTION

<p>Fund Name</p>	<p>AE KiwiSaver Plan</p> <p>This is the only Fund offered in the AE KiwiSaver Plan.</p> <p>For ease of understanding, this Fund is referred to throughout as AE KiwiSaver Plan.</p>																						
<p>Investment Objective</p>	<p>AE KiwiSaver Plan invests through AE Investor in accordance with its Strict Ethical Mandate to provide long term growth for investors.</p>																						
<p>Investment Strategy</p>	<p>AE KiwiSaver Plan invests in units in AE Investor and/or cash.</p> <p>AE Investor is a unit trust managed by Always-Ethical Limited.</p> <p>AE Investor applies an “Absolute Return” style of active management while adhering to its Strict Ethical Mandate. The manager describes the Fund as aggressive as it may have 90% – 100% of its assets invested in equities.</p> <p>AE Investor invests in up to 50 US stocks listed on the New York Stock Exchange (NYSE), Nasdaq or Cash which may be either USD or NZD.</p> <p>Part of AE Investor’s investment strategy is to manage volatility by rebalancing equity and cash holdings. The balance may change depending on market events and AE Investor’s view of the market. In times of market uncertainty AE Investor may sell equities and hold high cash levels, thereby taking a more conservative position. AE Investor will then look for opportunities to deliver long term growth by buying at prices below the future market price potential of the stock.</p>																						
<p>Risk Indicator</p>	<table border="1" data-bbox="491 1234 1393 1361"> <tr> <td colspan="3" style="text-align: left;">Lower Risk</td> <td colspan="4"></td> <td colspan="1" style="text-align: right;">Higher Risk</td> </tr> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">2</td> <td style="text-align: center;">3</td> <td style="text-align: center;">4</td> <td style="text-align: center;">5</td> <td style="text-align: center;">6</td> <td style="text-align: center;">7</td> </tr> <tr> <td colspan="4" style="text-align: left;">Potentially Lower Returns</td> <td colspan="3" style="text-align: right;">Potentially Higher Returns</td> </tr> </table> <p>The risk indicator is calculated based on an alternative methodology because of the nature of the fund. The fund has an ‘absolute return’ style which means it has no target asset allocation that invests under the constraint of a predetermined risk limit.</p>	Lower Risk							Higher Risk	1	2	3	4	5	6	7	Potentially Lower Returns				Potentially Higher Returns		
Lower Risk							Higher Risk																
1	2	3	4	5	6	7																	
Potentially Lower Returns				Potentially Higher Returns																			
<p>Authorised Investments</p>	<p>AE KiwiSaver Plan selected AE Investor because:</p> <ul style="list-style-type: none"> ○ AE Investor was expressly designed to meet the investment requirements of AE KiwiSaver Limited and its AE KiwiSaver Plan. ○ It complies with AE KiwiSaver Plan’s Strict Ethical Mandate. ○ It is actively managed. ○ It invests in companies with strong balance sheets listed on the NYSE or Nasdaq. ○ It selects and manages its investments - no outsourcing of investment management. ○ Compliance with the Strict Ethical Mandate is checked daily. ○ It is based in New Zealand. ○ It is managed by the same team as manages AE KiwiSaver Plan. ○ It is a long-term investment. ○ All investments are made on a five-year horizon. ○ 																						

<p>Target Investment Mix</p>	<p>The Manager’s Investment Committee has wide discretion to set the target investment mix, and this may vary from 100% equities to 100% cash. The Investment Committee regularly considers market conditions and assesses the ratio of equities to cash and the risk to Investors’ funds. The Manager describes the Fund as aggressive as it may have 90% – 100% of its assets invested in equities.</p> <p>As a general guide the target mix is 80% equities, 20% cash, but this is not to be taken as limiting the Investment Committee’s ability to stay nimble by adjusting the ratio of equities/cash as it believes appropriate.</p>  <p>Absolute Return</p> <p>The Manager applies an active management strategy to its investments, while keeping the investments within the Strict Investment Mandate.</p> <p>Our investment style is that of an “Absolute Return”. We report our returns daily, using the last market day closing price (mark to market). We seek to generate positive returns from our invested stock, to manage the market volatility of our investments and to protect the value of the portfolio, we adjust the balance between our invested stock and cash (USD/NZD).</p> <p>When the Investment Committee considers the world economy requires, it actively adjusts the ratio of cash to equities.</p>
<p>Minimum suggested time frame</p>	<p>5 Years</p>
<p>Suitability Of Fund for Classes of Investors</p>	<p>AE KiwiSaver Plan is an aggressive fund suited to aggressive investors who have a high-risk appetite, are comfortable with short term volatility and have a long investment time frame. It is not suitable for investors seeking a balanced or conservative investment or for investors with shorter investment time frames.</p> <p>It is also suitable for investors who want a strictly ethical investment as per the Strict Ethical Mandate set out below.</p>
<p>Changes to SIPO Further Information</p>	<p>Our Statement of Investment Policy and Objectives (SIPO) sets out our investment objectives. We review our SIPO in consultation with the Supervisor. We will notify you of any material changes before making them. The current SIPO can be found at www.always-ethical.com/documents or https://disclose-register.companiesoffice.govt.nz</p> <p>Further information about the assets in AE Investor can be found in the latest Fund Update at www.always-ethical.com/documents or https://disclose-register.companiesoffice.govt.nz</p>

<p>Strict Ethical Mandate</p>	<p>Our Strict Ethical Mandate states:</p> <p>“Equity investments to be in companies with strong balance sheets that meet certain financial ratios and are not in prohibited activities:</p> <p>Financial ratios:</p> <ul style="list-style-type: none"> ➤ Interest-bearing debt less than 30%. ➤ Interest-bearing investments less than 30%. ➤ Illiquid assets greater than 33% (i.e. assets making or doing something for the good of humanity exceed 67% of total assets). <p>Prohibited activities:</p> <ul style="list-style-type: none"> ➤ Products whose return is based on receipt of interest, including money lending* <i>*Explanation: this excludes all financial institutions, Banks, Money Lenders and Insurance Companies.</i> ➤ Gambling and speculative investments* <i>*Explanation: this is not just a prohibition of gambling organisations like casinos, but also excludes investment products that rely on chance for success.</i> ➤ Derivatives* <i>*Explanation: these are high-risk products that rely on chance for success, these are gambling.</i> ➤ Alcohol ➤ Tobacco ➤ Weapons of war ➤ Adult entertainment ➤ Gold and Silver hedging ➤ Pork* <i>*Explanation: This limits the investment in meat-based businesses.</i> ➤ Leverage (i.e. borrowing against investors’ (your) money, not assets). <i>*Explanation of leverage: Leverage is a practice of many fund managers. Leverage puts your investment at an unethical risk. Leverage is absolutely prohibited.</i> ➤ Fossil fuel exploration <p>If an investment is suspected of not complying with the Ethical Mandate, it is sold on the next trading day.</p> <p>Any cash held in the Scheme is held in US dollars or NZ dollars.</p> <p>The Manager of AE Investor uses IdealRatings to calculate “purification” each year.</p>
<p>Purification</p>	<p>AE KiwiSaver Plan only invests in investments than comply with the Written Strict Ethical Mandate. Because under the KiwiSaver regulations AE KiwiSaver cannot purify investments, AE KiwiSaver Investment Committee will only invest in funds that provide a purified investment that complied with the Written Strict Ethical Mandate.</p> <p>Purification is a process that is required of all investments entered into by the AE KiwiSaver Plan. The Manager of the investment to ensure compliance with the Written Strict Ethical Mandate is required to exclude any non-compliant income from the investment and donate those funds excluded to a charity for the poor.</p> <p>This process ensures all investments by AE KiwiSaver Plan are strictly compliant with the Written Strict Ethical Mandate</p>

Responsible Investment	Is Governed by our Written Strict Ethical Mandate as set out above.

4. WHAT ARE THE RISKS OF INVESTING?

Understanding the Risk Indicator	<p>Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.</p> <div style="text-align: center;"> <table border="1" style="margin: auto;"> <tr> <td style="text-align: center;">Lower Risk</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td style="text-align: center;">Higher Risk</td> </tr> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">2</td> <td style="text-align: center;">3</td> <td style="text-align: center;">4</td> <td style="text-align: center;">5</td> <td style="text-align: center;">6</td> <td style="text-align: center;">7</td> </tr> <tr> <td colspan="4" style="text-align: center;">Potentially Lower Return</td> <td colspan="3" style="text-align: center;">Potentially Higher Return</td> </tr> </table> </div> <p>The risk indicator for AE KiwiSaver Plan is found in section 3 ‘Description of your investment option’.</p> <p>The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund’s assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.</p> <p>To help you clarify your own attitude to risk, you can seek financial advice, or work out your risk profile at www.sorted.org.nz/calculators/investment-planner</p> <p>Note: Even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading “Other specific risks”) that are not captured by this rating.</p> <p>This risk indicator is not a guarantee of a fund’s future performance. The risk indicator is based on the returns data for the previous five years. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund update for this Fund.</p>	Lower Risk						Higher Risk	1	2	3	4	5	6	7	Potentially Lower Return				Potentially Higher Return		
Lower Risk						Higher Risk																
1	2	3	4	5	6	7																
Potentially Lower Return				Potentially Higher Return																		

General Investment Risks	<p>Some of the factors that may cause the Fund’s value to move up and down, which affect the risk indicator, are:</p> <p>Market The companies in which AE Investor invests in are subject to economic, business, technological, political, tax, regulatory conditions or market sentiment, which may affect general market movements or individual investments of the Scheme.</p> <p>Currency The Scheme’s investments include units in AE Investor (denominated in USD currency). This means there is a risk that the USD changes in value may affect the value of those assets from a New Zealand perspective.</p> <p>Taxation The Scheme is a PIE under NZ taxation law. Scheme income attributable to Scheme Members is taxed at individual Scheme Member’s PIR. Where an incorrect PIR is provided, a Scheme Member may be overcharged or may owe tax to Inland Revenue. Taxation laws of New Zealand may be subject to change.</p>
---------------------------------	---

	<p>Liquidity (Our Ability to Sell Investments)</p> <p>The ability to sell investments may sometimes be constrained. However, the risk relating to our ability to sell the Scheme’s investments is low as the equities held by AE Investor are listed on the NYSE and Nasdaq.</p> <p>However, the value of the Scheme’s investments can change due to conditions beyond our foresight or control. The volatility of the prices of international equities may mean that if investments must be sold immediately, then a lower return may be expected.</p> <p>Exit</p> <p>There is a risk that the Scheme may not be able to meet its obligations to investors when due. Under the Trust Deed, the Manager may, if circumstances require, in good faith, suspend the redemption of units. This risk, whilst legally available, is considered to be unlikely to occur and, if invoked, would be to protect the Investors of the Fund.</p> <p>The Ethical Mandate requires investments to be highly liquid to ensure investors may be repaid when required.</p> <p>Operational</p> <p>The Scheme and AE KiwiSaver Plan may be exposed to operational risks that result from external events or failure of internal processes, people and systems. These risks include technology risk (including business systems failure), human error or failure, fraud, non-compliance with legal and regulatory obligations, counter-party performance under outsourcing arrangements, legal risk, data integrity risk, security risk and external events.</p> <p>Legislative and Regulatory</p> <p>Your returns may be affected by legislative and regulatory changes related to KiwiSaver and its operation, and changes both in New Zealand and overseas which may affect AE KiwiSaver Plan’s investments and the environments in which they operate. Such legislation and regulations, as well as government policy, are subject to change at any time.</p> <p>As AE Investor is an “Absolute Return” style Fund, the Risk Indicator under the FMC Regulations will be 7. Investors may wish to consider the factors above, which impact risk and value, but will not impact on the risk indicator which remains 7.</p>
<p>Other specific risks are:</p>	<p>Investment Management</p> <p>Our investment management approach may lead us to choose investments which underperform, or we may misjudge market movements. We use research and analysis to establish a view on market factors as best we can and attempt to reduce their impact by adjusting the portfolio’s exposure to those areas.</p> <p>Ethical Mandate</p> <p>Investments may, without the Manager’s knowledge, no longer comply with AE KiwiSaver Plan’s Ethical Mandate. If a stock does not comply, the stock involved is sold the next trading market day.</p> <p>Stock Turn</p> <p>Strict compliance with the Ethical Mandate means the Manager may be required to sell a stock at the expense of future performance.</p> <p>Third Party Brokerage</p> <p>The Manager outsources the brokerage for the trading of its equity investments to JB Were (NZ) Ltd. The brokerage is instructed sale by sale and if the broker fails to perform, the risk is limited to that instruction. The broker arrangement can be readily changed. JB Were (NZ) Ltd, has a high reputation as a brokerage house and provides useful trading algorithms to the Manager.</p>

5. WHAT ARE THE FEES?

You will be charged fees and expenses for investing in AE KiwiSaver Plan. Fees are deducted from your investment and reduce your returns. If AE Investor invests in other funds, those other funds may also charge fees. The fees and expenses you pay will be charged in two ways:

- Regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term.
- One-off fees (for example any individual action fees) – although we don't currently charge these fees.

The fees and expenses you pay are:

ANNUAL FUND CHARGES

Other Administration Expenses	1.77% estimated expenses cover the general management costs of the scheme and include the charges of the Supervisor, Custodian (a division of the Supervisor), regulatory costs of the FMA, the mandatory Dispute Resolution Service, the Registry, fund accounting, Legal and Audit fees, all of which are necessarily incurred to provide the fund to you as an Investor. The amount of these fees cannot be determined until they have been incurred and will vary from time to time.

<p>6. WHAT TAXES WILL YOU PAY?</p>							
	<p>AE Kiwisaver Plan Is A PIE - Portfolio Investment Entity.</p> <p>The amount of tax you pay is based on your prescribed investor rate (PIR).</p> <p>As a guide only for a single income source earner the following table can be used.</p> <table data-bbox="507 1787 1177 1883"> <tr> <td>Income less than \$14,000</td> <td>10.5%</td> </tr> <tr> <td>Income between \$14,000 and \$48,000</td> <td>17.5%</td> </tr> <tr> <td>Income greater than \$48,000</td> <td>28%</td> </tr> </table> <p>To determine your PIR, go to https://www.ird.govt.nz/topics/income-tax/typesofincome</p>	Income less than \$14,000	10.5%	Income between \$14,000 and \$48,000	17.5%	Income greater than \$48,000	28%
Income less than \$14,000	10.5%						
Income between \$14,000 and \$48,000	17.5%						
Income greater than \$48,000	28%						

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell AE KiwiSaver Limited your PIR when you invest or if your PIR changes. If you do not tell the Manager, a default rate may be applied. If the rate is lower than correct you will be required to pay the tax shortfall as part of your income tax year end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year, and any remaining amount will be refunded to you.

TRANSFERRING FROM ANOTHER KIWISAVER SCHEME?

If you are already a member of another KiwiSaver scheme, we will arrange with your previous scheme provider to transfer your KiwiSaver savings to AE KiwiSaver Plan. This transfer process may take up to 10 days - this is the maximum period your previous scheme provider has to transfer your savings to your new scheme. Once you join AE KiwiSaver Plan will receive a letter from Inland Revenue which states that you have changed KiwiSaver schemes - this letter only indicates a change in your enrolment and does not necessarily mean that your savings have already been transferred to AE KiwiSaver Plan.
