2. HOW DOES THIS INVESTMENT WORK?

<p>How The Scheme Works</p>	<p>AE Investor is a managed investment scheme registered under the Financial Markets Conduct Act 2013. It offers one fund for you to select.</p> <p>The Scheme is governed by a trust deed between Always-Ethical Limited and Trustees Executors Limited (TEL), the Scheme's Supervisor (Supervisor). Your investments are held by Apex Investment Administration (NZ) Limited (Apex) the Scheme's Custodian.. TEL and Apex are both independent from Always-Ethical Limited.</p> <p>The assets of AE Investor are not available to meet the liabilities of any other fund.</p>
<p>How the Investment Works?</p>	<p>When you invest in AE Investor your money buys units in AE Investor. Each unit you buy will have a price calculated each day by the unit registry, based on the value of AE Investor's assets at the time. Changes in the value of AE Investor's assets (up or down) are reflected in the daily unit price.</p> <p>The number of units you hold, when multiplied by the unit price, gives you the total value of your investment (the impact of PIE tax can result in a change in the number of units you hold, up or down).</p> <p>The return on your investment comes from any increase or decrease in the unit price at the time you redeem the investment.</p> <p>AE Investor does not make distributions to Investors.</p>
<p>What are the Significant Benefits of Investing In The Scheme AE Investor?</p> <p><i>Strict Ethical Mandate – See Section 3</i></p>	<p>Strict Ethical Mandate AE Investor has a Strict Ethical Mandate. This mandate restricts the investing activities of the Manager to permitted investments, providing transparency for investors, and enables you to take responsibility for how your investments impact society. If we obtain income that is outside of the Strict Ethical Mandate, to remain compliant we purify the same by donating to a charity for the poor, selected by the Directors of the Manager, at their discretion.</p> <p>For more information, see Section 3 "Description of your investment option".</p> <p>Diversification Pooling with other investors enables you to invest in a range of investments that promotes diversification with the aim of reducing the risks of your investment portfolio. It also gives you access to investment markets and equities that you may not otherwise be able to invest in.</p> <p>Professional Management Using a managed fund simplifies the investing process for you, especially if you do not have the time or skill to manage your own investments and keep appropriate records.</p>
<p>Making Investments</p>	<p>You can invest in AE Investor by completing the application form at the back of the PDS together with the supporting documents requested, or you may contact us by email info@always-ethical.com or phone 0800 4 262624.</p>

Investing in AE Investor is open to all.

There is no minimum sum*.

You may contribute US dollars (USD) or NZ dollars (NZD).

All investment funds must come to the AE Investor subscription account from a recognised AML/CFT compliant Bank. Cash is not accepted.

Investors are requested to specify an authorised redemption bank account at the time of making the application – this expedites any request for redemption. At the time of redemption, you can specify any account, but we will need time to verify.

If you invest in NZD, the Manager will convert the invested funds to USD at the Foreign Exchange conversion rate of AE Investor’s bank at the time. The Manager has the discretion to delay conversion to USD (and therefore issuing units) in order to pool investor money for currency transactions.

*Investments less than NZD\$100 are held in an individual investment wallet for each member by the Registry until the sum reaches a total of \$100. Once the sum reaches a total of \$100, the sum is invested and AE Investor units are issued by the Registry, Appello Services Ltd.

Withdrawing Your Investments

You may withdraw the whole, or part of, your investment at any time by notice in writing to info@always-ethical.com

Your investment may be redeemed in either US dollars (USD) or NZ dollars (NZD) and deposited to the bank account you instruct.

If, at the time of making the application to invest with AE Investor, you specified an authorised redemption account, the process of repaying you is expedited.

The redemption value of your investment is calculated by the Registry, which is independent of the Manager. The Registry value is final. When redeeming the whole investment, the Registry calculates and pays all PIE tax due to the Inland Revenue Department. Please refer to Section 6 “What Taxes will you Pay?”. Redeeming the whole investment can take up to 5 working days. If full redemption is required urgently, we can pay 90% on the day requested and the balance within 5 days. The Registry needs to calculate and pay the investor’s PIE tax, prior to completing the full payment.

We may suspend withdrawals or delay payment from the fund if it is in the best interests of all investors in that fund. If this is the case, you may need to wait for a longer period of time for your withdrawal proceeds. More information is set out in the Other Material Information (OMI) document.”

3. DESCRIPTION OF YOUR INVESTMENT OPTION

Fund Name	AE Investor
Investment Objective	The fund invests in accordance with its Strict Ethical Mandate to provide long term growth for investors.
Investment	

<p>Strategy</p>	<p>The Manager applies an “Absolute Return” style of active management while adhering to its Strict Ethical Mandate.</p> <p>A USD denominated managed investment fund that invests in up to 50 US stocks listed on the New York Stock Exchange (NYSE), Nasdaq or Cash which may be either USD or NZD.</p> <p>Part of AE Investor’s investment strategy is to manage volatility by rebalancing equity and cash holdings. The balance may change depending on market events and the Manager’s view of the market. In times of market uncertainty AE Investor may sell equities and hold high cash levels, thereby taking a more conservative position. AE Investor will then look for opportunities to deliver long term growth by buying at prices below the future market price potential of the stock.</p>							
<p>Risk Indicator</p>	<p style="text-align: center;"> Lower Risk Higher Risk </p> <table border="1" style="margin: auto; text-align: center;"> <tr> <td style="width: 20px; height: 20px;">1</td> <td style="width: 20px; height: 20px;">2</td> <td style="width: 20px; height: 20px;">3</td> <td style="width: 20px; height: 20px;">4</td> <td style="width: 20px; height: 20px;">5</td> <td style="width: 20px; height: 20px;">6</td> <td style="width: 20px; height: 20px; background-color: yellow;">7</td> </tr> </table> <p style="text-align: center;"> Potentially Lower Returns Potentially Higher Returns </p> <p>The risk indicator is calculated based on an alternative methodology because of the nature of the fund. The fund has an ‘absolute return’ style which means it has no target asset allocation.</p> <p>In the Directors opinion the risk rating of 7 is appropriate at the date of this PDS. Should the directors opinion change then they will update the PDS.</p>	1	2	3	4	5	6	7
1	2	3	4	5	6	7		
<p>Target Investment Mix</p>	<p>AE Investor’s Investment Committee has discretion to set the target investment mix, and this may vary from 100% equities to 100% cash. The Investment Committee regularly considers market conditions and assesses the ratio of equities to cash and the risk to Investors’ funds.</p> <p>As a general guide the target mix is 80% equities, 20% cash, but this is not to be taken as limiting the Investment Committee’s ability to stay nimble by adjusting the ratio of equities/cash as it believes appropriate.</p> <div style="text-align: center;">  </div> <p>Absolute Return</p> <p>AE Investor applies an active management strategy to its investments, while keeping the investments within the Strict Investment Mandate.</p> <p>Our investment style is that of an “Absolute Return”. We report our returns daily, using the last market day closing price (mark to market). We seek to generate positive returns from our invested stock, to manage the market volatility of our investments and to protect the value of the portfolio, we adjust the balance between our invested stock and cash (USD/NZD).</p> <p>The Investment Committee when considering the world economy can actively adjust the ratio of cash to equities.</p>

<p>Suitability Of Fund for Classes of Investors</p>	<p>AE Investor is an aggressive fund suited to aggressive investors who have a high-risk appetite, are comfortable with short term volatility and have a long investment time frame. It is not suitable for investors seeking a balanced or conservative investment or for investors with shorter investment time frames.</p> <p>It is also suitable for investors who want a strictly ethical investment as per the Strict Ethical Mandate set out below.</p>
<p>Changes to SIPO and Further Information</p>	<p>Our Statement of Investment Policy and Objectives (SIPO) sets out our investment objectives. We review our SIPO in consultation with our Supervisor. We will notify you of any material changes before making them.</p> <p>The current SIPO can be found at Key Documents - Always-Ethical at https://disclose-register.companiesoffice.govt.nz</p> <p>Further information about the assets in AE Investor can be found in the fund updates at https://always-ethical.com/amanahnz-key-documents//or https://disclose-register.companiesoffice.govt.nz</p>
<p>Strict Ethical Mandate</p> <p><i>Charitable Donation to the Poor purifies our investments.</i></p>	<p>Our Strict Ethical Mandate explained:</p> <p>Investment in up to 50 ordinary shares of US listed companies. Preference shares are prohibited.</p> <p>Ordinary share investments are required to meet the financial ratios below. Investments are permitted to have up to 5% of the prohibited investments below. If a share is purchased and later if the prohibited activity of that company exceeds 5% the Investment is sold next trading day.</p> <p>To keep the ordinary shares investments permitted, all dividends are purified for non-permissible income by the donation of part of the dividend (less than 5% of the dividend) to a charity for the poor.</p> <p>The mandate permits:</p> <p>“Equity investments to be in companies with strong balance sheets that meet certain financial ratios these financial ratios are:</p> <p>Financial ratios:</p> <ul style="list-style-type: none"> ➤ Interest-bearing debt less than 30%. ➤ Interest-bearing investments less than 30%. ➤ The assets of the company making or doing something for the good of humanity to exceed 67% of total assets. <p>if any of these financial ratios are exceeded then the investment is sold the next market day.</p> <p>Prohibited Investments: <i>the fund does not invest in any of these activities, the equity investments may, provided the prohibited investment is under 5% of the business activity and is appropriately purified.</i></p> <ul style="list-style-type: none"> ➤ Products whose return is based on receipt of interest, including money lending*

	<p><i>*Explanation: this excludes all financial institutions, Banks, Money Lenders and Insurance Companies.</i></p> <ul style="list-style-type: none"> ➤ Gambling and speculative investments* <i>*Explanation: this is not just a prohibition of gambling organisations like casinos, but also excludes investment products that rely on chance for success.</i> ➤ Derivatives* <i>*Explanation: these are high-risk products that rely on chance for success, these are gambling.</i> ➤ Alcohol ➤ Tobacco ➤ Weapons of war ➤ Adult entertainment ➤ Gold and Silver hedging. ➤ Pork* <i>*Explanation: This limits the investment in meat-based businesses.</i> ➤ Leverage (i.e. borrowing against investors' (your) money, not assets). <i>*Explanation of leverage: Leverage is a practice of many fund managers. Leverage puts your investment at an unethical risk. Leverage is absolutely prohibited.</i> ➤ Fossil fuel exploration <p>If an investment is suspected of not complying with the Strict Ethical Mandate, it is sold on the next trading day.</p> <ul style="list-style-type: none"> ➤ Any cash held in the Scheme is held in US dollars or NZ dollars. ➤ Our Strict Ethical Mandate is in the Directors opinion compliant with the requirements of the Abrahamic religion's, investors who are concerned with religious compliance should seek advice from the leaders of their religion.
<p>Purification Explained Further</p> <p><i>As the fund grows, so will the monies donated to charities for the poor, this way the fund benefits those who are poverty stricken.</i></p>	<p>Purification</p> <p>Non permissible income may be generated from non-compliant business activities of our investments but must not exceed 5% of the total income generated by the company invested in. If the non-permissible income of a purchased share of a company exceeds 5% then the Investment no longer complies with the Mandate and is sold immediately.</p> <p>Each year the effect of the non-permissible income received from Investments is "purified" by a donation to charities for the poor.</p> <p>Any interest the fund cannot avoid receiving, is not received into the fund accounts. The registry diverts such payments into a purification account. The purification monies are covered in the notes to the audited financial statements each year.</p> <p>Dividend Purification</p> <p>Dividend purification is the process of purging any income a company makes from sources that are not compliant with the Strict Ethical Mandate, such as any non-permissible business activities or interest income. This non-permissible revenue must be less than 5% of a company's total revenue for the company to pass the Strict Ethical Mandate screening.</p> <p>The "cleansing/purification" is made in proportion to the percentage of the non-compliant income of the company investment.</p> <p>Each year the effect of the non-permissible income is "purified" by a charitable donation to the poor.</p> <p>As the fund grows, so will the monies donated to charities for the</p>

	<p>poor, this way the fund benefits those who are poverty stricken.</p> <p>Purification is calculated annually by the Manager and AE Investor pays the sum calculated to registered charities for the poor.</p> <p>This deduction is not a fee, it is the operation of our Strict Ethical Mandate and benefits charities for the poor. As at 31 March 2023 0.34% of administration expenses was donated to charity. However, this figure and percentage will vary annually depending on investing strategies.</p> <p><i>For more information see OMI section Purification (Page 16)</i></p>																								
<p>Responsible Investment</p>	<p>Responsible investment, including environmental, social, and governance considerations, is not taken into account in the investment policies and procedures of the scheme as at the date of this product disclosure statement.</p> <p>Our key responsibility when making investment decisions is providing growth in the unit value by making investments in up to 50 companies listed on the NYSE or NASDAQ that are involved in making or doing something for the good of humanity.</p>																								
<p>4. WHAT ARE THE RISKS OF INVESTING?</p>																									
<p>Understanding the Risk Indicator</p>	<p>Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.</p> <table border="1" data-bbox="592 1111 1374 1205"> <tr> <td style="text-align: center;">Lower Risk</td> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> <td style="text-align: center;">Higher Risk</td> </tr> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">2</td> <td style="text-align: center;">3</td> <td style="text-align: center;">4</td> <td style="text-align: center;">5</td> <td style="text-align: center;">6</td> <td style="text-align: center;">7</td> <td></td> </tr> <tr> <td colspan="4" style="text-align: center;">Potentially Lower Returns</td> <td colspan="4" style="text-align: center;">Potentially Higher Returns</td> </tr> </table> <p>The risk indicator for AE Investor is found in section 3 'Description of your investment option'.</p> <p>The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.</p> <p>To help you clarify your own attitude to risk, you can seek financial advice, or work out your risk profile at www.sorted.org.nz/calculators/investment-planner</p> <p>Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.</p> <p>This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the previous five years. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for this fund.</p>	Lower Risk							Higher Risk	1	2	3	4	5	6	7		Potentially Lower Returns				Potentially Higher Returns			
Lower Risk							Higher Risk																		
1	2	3	4	5	6	7																			
Potentially Lower Returns				Potentially Higher Returns																					
<p>General Investment Risks</p>	<p>Some of the things that may cause the fund's value to move up and down, which affect the risk indicator, are:</p> <p>Market</p>																								

	<p>The companies in which the Manager invests in are subject to economic, business, technological, political, tax, regulatory conditions, or market sentiment, which may affect general market movements or individual investments of the Scheme.</p> <p>Currency The Scheme's investments include units in AE Investor (denominated in USD currency). This means there is a risk that the USD changes in value may affect the value of those assets from a New Zealand perspective.</p> <p>Taxation laws of New Zealand may be subject to change.</p> <p>Liquidity (Our Ability to Sell Investments) The ability to sell investments may sometimes be constrained. However, the risk relating to our ability to sell the Scheme's investments is low as the equities held by AE Investor are listed on the NYSE and Nasdaq.</p> <p>However, the value of the Scheme's investments can change due to conditions beyond our foresight or control. The volatility of the prices of international equities may mean that if investments must be sold immediately, then a lower return may be expected.</p>
<p>Other Specific Risks are:</p>	<p>Investment Management Our investment management approach may lead us to choose investments which underperform, or we may misjudge market movements. We use research and analysis to establish a view on market factors as best we can and attempt to reduce their impact by adjusting the portfolio's exposure to those areas.</p> <p>Strict Ethical Mandate The risk of applying the Strict Ethical Mandate is the limitation on equities available for investment and these companies may underperform the wider market. Investments may, without the Manager's knowledge, no longer comply with AE Investor's Strict Ethical Mandate. If a stock does not comply, the stock involved is sold the next trading market day.</p> <p>Purification The risk with purification is that it has the effect of diluting returns to investors e.g. when the fund holds a large cash position, more interest is generated and the fund incurs higher purification costs. We hold cash to increase returns to investors by reducing risk.</p> <p>The fund is not receiving, but purifying all interest which is key management of any prohibited activity.</p> <p>Third Party Brokerage The manager aims to minimise brokerage cost, however as a boutique manager the costs of brokerage may be higher until we achieve trading scale. Our Absolute Return strategy may result in us trading more frequently in certain periods, which in turn may increase trading expenses borne by the fund.</p> <p>Taxation The Scheme is a PIE under NZ taxation law. Scheme income attributable to Scheme Members is taxed at individual Scheme Member's PIR. Where an incorrect PIR is provided, a Scheme Member may be overcharged or may owe tax to Inland Revenue.</p> <p>Exit/Redemption There is a risk that the Scheme may not be able to meet its obligations to investors when due. Under the Trust Deed, the Manager may, if circumstances require, in good faith, suspend the redemption of units.</p>

This risk, whilst legally available, is considered to be unlikely to occur and, if invoked, would be to protect the investors of the Fund.

The Strict Ethical Mandate requires investments to be highly liquid to ensure investors may be repaid when required.

Operational
 AE Investor may be exposed to operational risks that result from external events or failure of internal processes, people and systems.

These risks include technology risk (including business systems failure), human error or failure, fraud, non-compliance with legal and regulatory obligations, counter-party performance under outsourcing arrangements, legal risk, data integrity risk, security risk and external events.

Legislative and Regulatory
 Your returns may be affected by legislative and regulatory changes. Such legislation and regulations, as well as Government policy, are subject to change at any time.

5. WHAT ARE THE FEES?

You will be charged fees for investing in AE Investor. Fees are deducted from your investment and will reduce your returns.

The fees you pay will be charged in two ways:

- Regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term; and
- One-off fees (for example any individual action fees) – although we don't currently charge these fees.

The fees and expenses you pay are:

Annual Fund Charges

Annual Fund Charges	
Management Fee	1.95%
Administration expenses *	1.00%*
Purification/Donation to the poor	0.34%*
Total	3.29%*

**These expenses are estimates
 (as set out in Section 5)
 For more information on how purification is applied see
 OMI section Purification (Page 16)*

Fee Change

From 01 May 2024 the performance fee will no longer apply and the management fee will increase to 1.95%

1.95% per annum of FUM is calculated and charged quarterly. This fee is calculated quarterly by the Registry, Appello Services Ltd.

Management Fee	This fee was fixed considering the specialist nature of the Strict Ethical Mandate, the cost of implementing the same, and the cost of managing a regulatory compliant fund.
Other Expenses	<p>Administration expenses include brokerage fees incurred by the manager when trading securities on behalf of the fund. They also include general management costs of the Scheme and charges of the Supervisor, Custodian, regulatory costs of the FMA, the mandatory Dispute Resolution Service, the Registry, Fund Accounting, Legal and Audit fees, all of which are necessarily incurred to provide the fund to you as an Investor. Over the past year these expenses have cost approximately 1.00% of FUM.</p> <p>Purification is disclosed as an expense and has cost approximately 0.34% over the past year.</p> <p>See Section 3, Description of Your Investment Option/Strict Ethical Mandate.</p> <p>The amount of these expenses varies over time.</p>
No other fees	We do not charge contribution, withdrawal, establishment, switching, or transfer fees, but we could charge these or other fees in the future.
Example of How Fees Apply to an Investor from 01 May	<p>Sam invests \$10,000 in the AE Investor Fund.</p> <p>He is charged management fees which work out to \$195 plus estimated expenses of \$134.00.</p> <p>These fees might be more or less if his account balance has increased or decreased over the year.</p> <p>Estimated total fees for the first year: Individual action fees: \$0 Fund Charges: \$329.00</p> <p>See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.</p>
The Fees can be Changed	<p>We can change the fees, or add new fees, provided we give you notice in accordance with the Trust Deed. We must publish a fund update for the fund showing the fees actually charged during the most recent year.</p> <p>Fund updates, including past updates, are available at: Key Documents - Always-Ethical or https://disclose-register.companiesoffice.govt.nz/</p>
6. WHAT TAXES WILL YOU PAY?	
	<p>AE Investor is a Portfolio Investment Entity (PIE). The amount of tax you pay is based on your prescribed investor rate (PIR).</p> <p>To determine your PIR, go to: https://www.ird.govt.nz/roles/portfolio-investment-entities</p> <p>If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Always-Ethical Limited your PIR when you invest</p>

or if your PIR changes. If you do not tell Always-Ethical Limited, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.
